

## Itchin', Burnin' & Squirmin': STDs and You

**Objective:** Participants will identify general issues related to STDs/STIs.

**Structure:** Individual.

**Time:** 30 minutes.

**Materials:** Computer with internet access.

**Note:** This free, interactive software program from the University of Alberta Health Centre contains information on signs and symptoms, transmission, treatment, and prevention of STDs/STIs. This program includes additional information on reproductive anatomy and assessing risk.
